

# LIVERPOOL GIRLS SOFTBALL LEAGUE AT A GLANCE.....

## LGSL for 2012 Season: Celebrating 39 years of existence

**Mission and Goals:** *Our mission is to provide organized softball for young women in our community. Our goals are for young women to:*

- Develop lifelong physical, social, mental sportswomanship and leadership abilities
- Experience the joy that comes from both individual effort and team work
- Learn to balance performance results, enjoyment, and learning in all pursuits.

**League Administration:** A volunteer board, which elects its executive officers and appoints others, oversees all league operations. The board meets monthly from September through July, scheduling additional meetings to address specific events/issues as they arise. All Board meeting are open to all league parents. Dates are listed on the web site.

**Operating Costs:** Sponsorship fees, participant registration fees, and donations are used to meet league costs (insurance, umpire fees, equipment, etc.) and to provide each girl with a team photo and uniform that bears the sponsor’s name.

LGSL plays and practices at its home field complex at the Town of Salina’s Electronics Park and at fields provided by the Liverpool Central School District.

If your child needs medical, dental health or hospital services you as a parent must give permission. It's the law.

What about times when you cannot be reached for permission? A child may be treated without parental consent when a physician determines a true emergency exists. That means the doctor determines the child needs immediate medical care and that an attempt to obtain parental consent would result in a delay which would increase the risk to the child's life or health.

Except in a true emergency, care may be ordinarily rendered to a child only with the consent of the parent or legal guardian. Sometimes a child may need unexpected care, which is not however, a true emergency. In such cases, making an effort to contact a parent or guardian for permission can delay treatment and create unnecessary anxious moments for the child.

You can prepare for unexpected care your child might need when you are away from home. To do this, make sure we have a cell phone number or a

home residence has information of how to reach you. When you are unavailable you can give permission to other adults. They can act for you by permitting your child to be treated if unexpected care is needed.

This is a legal document. With it you may appoint relatives, friends, teachers, clergy, and neighbors – anyone who is over 18 years of age – to be responsible for your children while you are away from them. It is especially important to prepare this form for the occasions when you know it will be hard to contact you.

Fill out the form carefully. Have your signatures witnessed by an adult different from the person you are making responsible for your children.

After you complete this form, give it to the adult(s) you have named to act on your behalf. If your child needs unexpected medical treatment, the responsible adult(s) should present this document to the appropriate person – physician, dentist or hospital representative.

# AUTHORIZATION FOR MEDICAL TREATMENT OF MINORS

Name of Minor	Birthday	Identify allergies or special conditions
